

# New Company Spotlight

For over 25 years, Zetron (a subsidiary of Kenwood Corporation) has been manufacturing mission-critical communications solutions for public safety, transportation, utilities, manufacturing, healthcare and business applications throughout the world.

Zetron has installed thousands of systems and deployed over 15,000 console operator positions worldwide. The scope and success of these projects demonstrate the performance and reliability of Zetron's products.

## Zetron's wide range of communication solutions include:

- Custom systems
- Integrated communication-and-control systems (ICCS)
- Radio dispatch consoles
- Emergency call-taking systems
- Paging infrastructure
- Trunked radio
- Wireless SCADA and remote-monitoring products
